

# JOHN STEPHAN BAND

**"These guys drive the blues hard and truly lift you up with John's grinding slide and gritty guitar work, a tight rhythm section and cool organ grooves."**

Washington Blues Society Bluesletter

John Stephan Band does what a Blues band is supposed to do; play listening music you can dance to, and dance music you can listen to. You want it smoking hot, you've got it, you want it slow and blue, you've got it, you want it a little funky, you've got it, you want to swing, you've got it, you want traditional, you've got it, you want it to grind, you've got it, you want that sizzling burn, you've got it.

**"John Stephan is one of Washington State's best blues guitarists and his fine support crew prove their worth as one of the Pacific Northwest's best bands."**

Andy Grigg, Real Blues Magazine

Guitar & Vocals

A long time player in the NW music scene, John has performed with The Isaac Scott Band, Albert Collins, JB Hutto, Little Bill and The Blue Notes, Mark Dufresne, Mike Lynch and Nite Life and the Seattle premier World-beat group, Je Ka Jo.

For the past ten years with his band, John has developed his own brand of music. He applies a unique approach to any style of blues. With great vocals, solid original compositions and some killer slide guitar thrown into the mix, John Stephan Band delivers.

The band performs at festivals and Northwest venues including Highway 99 Blues Club, The Triple Door, Experience Music Project, The Upstage, The New Orleans, Grinders, and The Central Club.
